REMARKS

The applicant's previously filed response was deemed incomplete because it had not been corrected as specified by the previous Office Action, mailed September 2, 2003. The Examiner acknowledged that the Applicant had submitted a proposed amendment to the specification to replace paragraph [0040], but indicated that "the proposed amendment does not completely inactivate the hyperlink."

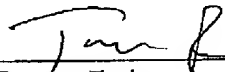

The applicant submits herewith a supplemental amendment to the action of September 2, 2003, amending the specification as suggested by the Examiner. In particular, reference to [www.resb.org/pdb/](http://www.resb.org/pdb/) has been replaced with reference to "the Protein Data Bank website." The applicant thanks the Examiner for his recommendation and consideration on this issue.

Entry of this amendment and the amendments submitted March 2, 2004, and consideration of the remarks in this response and the response filed March 2, 2004 are respectfully requested.
